

Loan of aid equipment

The loaning of aid equipment on the part of the County Council is done on an individual basis. The County Council hires aid equipment from the Aid Centre (Hjälpmiddelscentrum AB).

You are responsible for the return of all aid equipment when it is no longer needed or is changed, or if you move away from the county of Östergötland.

You agree to take good care of your aid equipment and follow the instructions provided in connection with your prescription.

Damage, theft or excessive wear and tear of aid equipment will not be reimbursed by the County Council. Checking your insurance cover is recommended.

Aid equipment can be returned on weekdays Monday-Friday to:

If you have difficulty arranging for the return of your aid equipment yourself or with the help of another person, you can pay for the "Aids Equipment Collection" service from the County Council's aids supplier, Hjälpmiddelscentrum. They will then come to your home and collect your aid/s. For further information about the "Aids Equipment Collection" service, please ring Hjälpmiddelscentrum AB on 013-27 78 00 (weekdays).

Please contact your prescribing occupational therapist/physiotherapist if you have any queries.
